Subject: County Council: West Lake Landfill Superfund Site

Hi Joe,

Thanks for talking with me this morning. I appreciate your understanding that EPA Region 7 and the Army Corps would be glad to present our work on this Site to the Council, but are unable to make the 28 April work session.

Please contact Sarah Hatch of this Region with further information about scheduling a work session with the Council. I believe you have her contact info.

This agency looks forward to keeping you and your Council colleagues informed about our important work to protect public health and safety at the West Lake National Priorities List (NPL) Site. NPL, by the way, is EPA shorthand for Superfund site.

Cheers,
Karl Brooks
